

PROGRAM LICENSURE RATES FOR GRADUATES

Annually, the institution reports licensure rates for programs where certification, licensure, or registration based upon an industry-recognized examination is required to become employed in the State of West Virginia. This data is reported on the Campus Accountability Report (CAR) as required by the college's accrediting body, the Accrediting Council for Independent Colleges and Schools (ACICS).

The three-year cumulative licensure pass rate for each program where licensure is required for employment as reported on the most recent CAR is listed below. The licensure required is the NCLEX®-PN examination developed and administered by the National Council of State Boards of Nursing (NCSBN).

Program Name	Licensure Pass Rate ⁽¹⁾
Practical Nursing (Diploma)	100%
Pharmacy Technician (Academic Associate's Degree)	67%
Pharmacy Technician (Diploma)	*

*This program did not have any enrollments in the most recently completed year.

(1) The cumulative licensure pass rate is defined as follows:

Total number graduates who sat for the examination and received a passing score in the first or subsequent attempts during the preceding three reporting years divided by the total number of graduates who sat for the exam during the same time period.

The cumulative pass rate for licensure refers to the period of July 1-June 30 for the three prior years at the time the annual CAR is filed.

For detailed information regarding ACICS's student achievement standards and methodology, click here: <http://acics.org/accreditation/content.aspx?id=6614>. Licensure rates were current at the time of publication. For the most current rates of for other licensure information, contact the campus.

Information on first-time licensure pass rates is maintained and disclosed by the West Virginia State Board of Examiners for Licensed Practical Nurses, and the program(s) are required to meet separate applicable standards of that agency.
