FIRST-TO-SECOND YEAR RETENTION RATES

Retention rates measure the percentage of first-time students who return to the institution to continue their studies the following fall. These rates only measure first-time students never having attended college before. Therefore, these rates do not reflect an accurate retention rate of the entire student body. Please contact the institution’s Campus Director for more accurate retention rates for the entire student body.

This is the most recent information the institution reported to the National Center for Education Statistics. Please visit the College Navigator Website at: http://nces.ed.gov/collgenavigator for more statistical information about the institution.
